**PISO'S CURE**  
for Consumption

Sold by Druggists everywhere.

I began using PISO'S Cure 13 years ago, and believe it saved me from consumption. My child is subject to Croup. PISO'S Cure always relieves him.—Mrs. B. CRANDELL, Mannsville, Ky., July 10, 1899.

## Scrofula to Consumption.

Any one predisposed to Scrofula can never be healthy and vigorous. This taint in the blood naturally drifts into Consumption. Being such a deep-seated blood disease, Swift's Specific is the only known cure for Scrofula, because it is the only remedy which can reach the disease.

Scrofula appeared on the head of my little grandchild when only 18 months old. Shortly after breaking out it spread rapidly all over her body. The scales on the soles would peel off on the slightest touch, and the odor that would arise made the atmosphere of the room sickening and unbearable. Eminent physicians from the surrounding country were consulted, but could do nothing to relieve the case. It was his opinion that the case was hopeless and impossible to save the child's eyesight. It was then that I decided to try Swift's Specific. The disease next attacked the eyes, and we feared she would lose her sight. Eminent physicians from the surrounding country were consulted, but could do nothing to relieve the case. It was his opinion that the case was hopeless and impossible to save the child's eyesight. Scrofula is an obstinate blood disease, and is beyond the reach of the average blood medicine. Swift's Specific

## S.S.S. For The Blood

is the only remedy equal to such deep-seated disease. It goes down to the very foundation and forces out every taint. It is purely vegetable, and is the only blood remedy guaranteed to contain no mercury, potash or other mineral substance whatever. Books mailed free by Swift Specific Company, Atlanta, Georgia.

**Notice of First Meeting of Creditors.**  
In the District Court of the United States for the Southern District of Iowa.  
In the Matter of James Johnson, Bankrupt, in Bankruptcy.  
To the Creditors of James Johnson, of Marshalltown, in the County of Marshall and District Aforesaid, a Bankrupt:  
Notice is hereby given on the 23d day of October, A. D. 1899, that the said James Johnson was duly adjudicated a bankrupt, and that the first meeting of his creditors will be held at my office in Marshalltown, Iowa, on the 8th day of November, A. D. 1899, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt and transact such other business as may properly come before said meeting.

## IOWA NEWSPAPERS.

**JOBS GALORE.**  
[Shenandoah Sentinel.]  
A workman came along the street the other day with a broad grin on his face. When asked what he was laughing about he replied: "I have been asked six times in the last half hour if I wanted a job." It was not thus in 1896. Then the workmen were asking for jobs and not getting them.

**A CRUEL FATE.**  
[Washington Press.]  
A young man, known here, married one day last week in another state's city, and took the train in the evening with his bride to visit in an Iowa town. He had secured passes for both, but in a "frustrated" state of mind had given the bride's maiden, instead of her married name. They entered a Pullman, applied for a lower berth, showed their passes and the conductor—stared! What? A common berth? Not much! The mistake was explained to him, but he was a Rhamadanthus. He was worthy to sit in a month's congress, or a social, or a civic federation. He would not allow the rules forbid. They tell that story to him every little while. Impossible! The groom and bride fished out from either ear a thimble full of rice, and danced in the aisle to let rice drop from throat to heels—no use. The groom offered his checks, and asked the conductor to put him with him to the baggage car to see the ribbons, placards and old shoes fastened on their trunks—but the officer was inexorable in his veto. He gave the bride a lower berth in one end of the coach, and the groom ditto in the other end. And so they fared on their way to Iowa.

It was the loneliest bridal night journey ever made. Selah!

**COAL BILLS DOUBLED.**  
[Burlington Hawkeye.]  
The steady increase in the price of soft coal will mean a doubling of expenditure of thousands of dollars in the operating expenses of Burlington's factories and other large users of the bituminous product. Inquiry at some of the manufacturing plants yesterday showed that this increase is general, and will cause a material reduction in profits for the year. It is reported that there will be another advance in price November 1. Probably the largest consumer of soft coal is the Burlington Improvement Company at the steam supply plant and in operating the lighting and street railway systems. Speaking to a Hawkeye reporter, Manager Walsh said:

"It will cost us \$15,000 more this year than last at prevailing prices of coal to operate our plant. Our usual coal bill for a year has been about \$12,000, but this year we estimate that it is going to cost \$27,000. The board of directors do not know a good thing when it is offered to them in our lighting proposition this spring. Even at \$100 a light we are not making money. If we had any thought that coal would have advanced as it has done you may be sure our offer would never have been made." At the Burlington Wheel Works 20 cents per ton more is being paid over the price of last year. The amount used annually could not be ascertained. The Murray Iron Works Company uses over 400 cars of coal every year and the advance will affect them materially.

**APPENDICITIS—DOCTORS DISAGREE.**  
[Keokuk Gate City.]  
John Pope of Salem, Iowa, died Monday from appendicitis and an operation by Dr. Pitcher of Mt. Pleasant. He was 21 and highly thought of. The News says that the young man had been suffering from pains and soreness in the abdominal region all summer, but was able to work off and on until a week ago Friday, when he was taken to the hospital. Drs. Allen and Evans were called in. They diagnosed the case as typhilitis, and had no apprehensions for the patient's condition. The young man continued to grow worse, however, until finally Saturday Dr. Pitcher was called out on a consultation. He immediately informed the patient's parents that it was a case of genuine appendicitis, and that nothing but an immediate operation could possibly save the boy's life, and even then the chances for recovery were very remote as blood poisoning was almost sure to set in. The other physicians and the parents, however, would not believe that the case could be so desperate and Dr. Pitcher went home. The next morning, however, the boy was so much worse that Dr. Pitcher was again sent for and at noon performed the operation. He found matters precisely as he expected, and to the amazement of the other physicians, who never dreamed that the condition of the boy was so desperate. The operation disclosed the fact that the entire vermiform appendix had abscessed, and over a quart of pus taken from the abdominal cavity. The abscess had been ruptured and the pus had worked itself all through the intestines, producing a general inflammation of the bowels. The cavity was thoroughly cleaned, and the patient came out of the operation strong and cheerful. But the absorption of pus by the system had been going on too long and symptoms of blood poisoning began to develop and the patient to fail.

**PERSONALLY CONDUCTED TOURS TO CALIFORNIA IN FULLMAN TOURIST SLEEPING CARS.**  
Via the Chicago Great Western to Kansas City and the Santa Fe route to Los Angeles and southern California. The true winter route, avoiding cold weather and snow blockades. Commencing Monday following, one of these new Pullman tourist sleeping cars will leave Marshalltown at 5:35 p. m. via the Chicago Great Western for Los Angeles and southern California via Kansas City, and reaching Los Angeles the following Friday morning, thus avoiding all Sunday travel. These tours are personally conducted by an experienced railway official, who accompanies the train to its destination. The cars are well equipped for a long journey and are as comfortable as the Pullman sleepers, while the price is only \$5.00 for a double berth, less than half the price in the standard sleepers. For full information inquire of J. A. Ellis, Chicago Great Western agent, or address F. H. Lord, G. P. and T. A., 113 Adams street, Chicago.

**La grippe, with its after effects, annually destroys thousands of people. It may be quickly cured by One Minute Cough Cure, the only remedy that produces immediate results in coughs, colds, croup, bronchitis, pneumonia and throat and lung troubles. It will prevent consumption. All druggists.**

**James Reed Injured.**  
Mr. James Reed struck his leg against a curb of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniments and two and a half gallons of whisky in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This effected almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Mr. Reed is one of the leading merchants of Clay Court House, W. Va. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by druggists.

**IOWA NEWS ITEMS**  
MT. PLEASANT—The corn gathering in Henry county is getting fairly under way now, but it is not thoroughly dried out yet.  
ESSEX—The firm that has been packing apples here this fall left Essex last week. They shipped about 800 barrels from here.  
SIOUX CITY—The new Second Presbyterian church, under construction at West Fourth and Cook streets, is nearing completion.  
OELWEIN—The new high school building began to show its place above the foundations. It is hoped that it may be occupied by the first of the year.  
FT. DODGE—The grand jury has made a report showing that Webster county should have a new court house, and that valuable records are in danger in the present structure.

**BOONE**—The Republican regrets that the rainy weather interferes with the paving contract of the Lakes Improvement Company and makes it probable that it will suffer heavy penalties.  
**FORT MADISON**—There may be something in a name, yet the steamer Mascot, which has been running the past season in the local trade between

Fort Madison and Burlington and to Keokuk, sank Friday morning on the rapids. It is said that she struck a rock about midway between Montrose and Galland, known as Mechanic rock.  
**SHENANDOAH**—G. F. Stockham, one of our former friends from near Bingham, says corn is not yielding up to expectations. He is gathering fifty bushels to the acre, but ought to have sixty bushels.

**GRUNDY CENTER**—The Republican prints a thoughtful tribute and portrait of Lyman Cole, an old settler and esteemed citizen who died on the 17th. For forty-three years he had lived in Grundy county.

**CEDAR FALLS**—Prof. Colgrove has purchased the Lougbridge property on Normal Hill, and will occupy it as a home. The price paid was \$4,000. Prof. Page has purchased the vacant lot next to the residence and will build thereon.

**IOWA CITY**—Jacob Graber, one of oldest of our pioneers, died at his home at east Jefferson street, Wednesday morning at 9:30. He was 83 years of age and leaves a wife and several grown children, the latter reside elsewhere.

**MASON CITY**—The second Moore trial has closed with the jury bringing in a verdict against Howe for \$2,000. The jury was composed of the result of a trade in which he transferred his stock of goods to Carter & Howe for land.

**KEOKUK**—The meeting called for Seventh and Main streets Tuesday night to make speeches in favor of the Boers and against England failed to attract a large audience. John R. Dimond, Dr. B. F. Bailey and Mr. O'Brien.

**WASHINGTON**—Press: Tom Chilton saw a flock of pelicans in the river at Coppock and shot three. One was sent here, measuring 8½ feet, with a bill like a plumb line, and a mouth like a Kansas populist. A good many of these birds visit northern waters in summer.

**MUSCATINE**—Will Dillaway and Henry Eigenmann had a very successful hunt down in the Big Timber Tuesday night. They spent the night there and in about two hours near midnight they bagged, with the assistance of Mr. Eigenmann's splendid dog, four coons a possum and a mink.

**DUBUQUE**—Mark Oids, an incorrigible youth, was sentenced by Judge Matthews to the reformatory at Eldora. An order for his commitment was issued by the judge and he will be taken to Eldora soon. The boy not only would not obey his parents, but he was abusive to them and untruthful. His parents asked his commitment.

**ATLANTIC**—An attorney for O. C. Moore has filed a petition in the district court in which his client sues G. W. Wakefield for \$5,000 damages for alienating his wife's affections. In the petition the plaintiff states that he and his wife, whose former name was May Wakefield and who is a daughter of the defendant, were married in this county in 1891. Three children have been born to them.

**ALGONA**—T. J. Vincent and Thomas Albright came from Albia, Iowa, on Monday, and the undertakers a job. They were driving down to the Milwaukee crossing near the mill, looking back at Chris Heise's house and did not hear the train. The horses' front feet were on the rail when the alarm was given and the car, which was being used to haul lumber, was backing. They were walking on a terrible accident would have been chronicled.

**BURLINGTON**—The city has contracted for the purchase of the Larkin tract of about two acres for a quarry, the stone to be used on the streets. Col. Alexander Wilson gave his four hundred signatures to the petition against the seating of Roberts, the Utah polygamist, in congress. He has written a number of letters to the leaders in the movement offering his lists for sale, so it appears that the colonel was not so much in love with the country's morality and the public welfare, say the Hawkeyes.

**CEDAR RAPIDS**—The Burlington, Cedar Rapids and Northern Railroad company has purchased a large gasoline engine wood saw and is now sawing up old ties and other old timbers along the line. The saw is being used exclusively for fuel and for furnishing steam in the big shops of the company in this city and different stations along the system are being furnished a supply of wood to be used in heating the waiting rooms. This step has been taken in order to reduce the consumption of soft coal as much as possible, the company having become alarmed at the shortage of it and fearful that the supply will be completely exhausted.

It's the constant working of Doan's Kidney Pills. Are these reports all true? Here's a Marshalltown man; ask him his opinion.  
Mr. Norman Rambo, of 5 North Seventh street, says: "Mrs. Rambo has much and severe trouble from the deplorable condition of her kidneys. Physicians said she was in the incipient stage of Bright's disease. Doctors are expensive luxuries, therefore when we learned of Doan's Kidney Pills I got a box at McBride & Will's drug store for her. The use of the remedy was exceedingly beneficial to her and the dropsical tendencies shown by a swelling and puffiness of the feet and ankles were removed."

Price, 50 cents per box. For sale by all dealers. Foster-Milburn Company, Buffalo, N. Y., sole agents for the United States.  
Remember the name, Doan's, and take no other.
